

# ACTA PÆDIATRICA SCANDINAVICA

VOL. 64. 1975

---

CHIEF EDITOR

R. Zetterström, Stockholm

CO-EDITORS

B. Vahlquist, Uppsala and B. Lindquist, Lund

MANAGING EDITOR

C. G. Bergstrand, Malmö

ASS. MANAGING EDITOR

Tor Lindberg, Malmö

---

## *Advisory Board*

Aarskog, D., Bergen	Larsson, Y., Linköping
Braestrup, P. W., Hellerup	Moe, J. P., Tromsø
Friis-Hansen, B., Copenhagen	Seip, M., Oslo
Hagberg, B., Göteborg	Sjölin, S., Uppsala
Hallman, N., Helsinki	Stoop, J. V., Utrecht
Iversen, T., Århus	Tryggvason, K., Reykjavik
Jonxis, J. H. P., Groningen	Visakorpi, J., Tampere
Kouvalainen, K., Oulu	Visser, H. K. A., Rotterdam

## Subject Index

### Acidosis

metabolic, tyrosinemia 209

### Amino acids

cystinosis, diagnosis of 132  
 homocystinemia, cystine deficiency 215  
 methylmalonic aciduria, prenatal diagnosis 44  
 ornithine transcarbamylase deficiency 464  
 renal handling of, vitamin D resistant rickets 703  
 tyrosinemia, transient, prolonged 209

### Bacteriology

bacteriuria, asymptomatic in school girls 425, 432, 437, 574, 718  
 faecal *E. coli*, breastfeeding 807  
 nitroblue tetrazolium test, pyelonephritis 182  
 sulphamethoxazole/trimethoprim, meningitis, septicemia 25  
 urinary tract infections 96, 105, 201

### Bilirubin

serum level, orally administered agar 699

### Blood

$\alpha$ -foetoprotein, newborn infants 409  
 antithrombin, development of 624  
 blood flow and viscosity 253  
 exchange transfusion, ACD-blood 305, 310  
 Fanconi's anaemia, endocrine system 790  
 haemoglobin, foetal 404  
 haematocrit, coagulation changes 449  
 infantile genetic agranulocytosis 362  
 intestinal involvement, acute lymphoblastic leukaemia 369  
 intravascular coagulation, neuroblastoma 667  
 lymphoblastic leukaemia, postirradiation syndrome 399  
 lysozyme, serum 830  
 oxygen affinity, diabetes mellitus 355  
 pulmonary haemorrhage, coagulation 825  
 red cell enzyme activity 473

### Cardiovascular system

blood flow and viscosity 253  
 blood pressure, newborns 741  
 digoxin, post mortem distribution 497  
 familial QT-prolongation 777  
 high voltage QRS 119  
 hypertension, renal disease 299  
 lymphosarcoma, mediastinal simulating pericarditis 873  
 pneumopericardium 135  
 supraventricular tachycardia, chronic 597  
 systolic time intervals, newborn infants 839  
 tetralogy of Fallot, renal tubular acidosis 671  
 transposition of great arteries, causes of death 785  
 W-P-W syndrome 138

- Chromosomes**  
 low birth weight infants 657  
 triploid syndrome 157
- Cystic fibrosis**  
 electrical polarization, rectal mucosa 81  
 hepatic function 337  
 screening for, meconium albumin 477  
 tocopherol, plasma levels 446
- Diabetes**  
 absence of insulin resistance 248  
 blood glucose homeostasis, effect of glucagon 441  
 insulin, allergic reaction to 773  
 oxygen affinity, haemoglobin, 2,3-diphosphoglycerate 355
- Dipropylacetate** 771
- Down's syndrome**  
 mortality and life tables 322  
 psycho-social follow-up 505
- Endocrine system**  
 adrenal calcification 559  
 cortisol and corticosterone, cord plasma 587  
 growth hormone, plasma and urine, Laron's syndrome 613  
 hypoparathyroidism, pharyngeal pouch syndrome 555  
 in Fanconi's anaemia 790  
 muscular exertion, pituitary function test 752  
 neonatal thyroid 315  
 plasma adrenalin, ketotic hypoglycemia 559  
 somatomedin, defective generation, Laron's syndrome 613
- Enzymes**  
 chymotrypsin, postnatal development 619  
 glucosylphosphate isomerase deficiency 868  
 glycosidases, fibroblast culture 123  
 lactate-dehydrogenase, isoenzymes, 822  
 mannosidase 865  
 ornithine transcarbamylase deficiency 464  
 protease inhibitors 763  
 red cell activity 473
- Erythroblastosis**  
 exchange transfusion, ACD-blood 305, 310  
 glucose tolerance 113
- Exchange transfusion** 305, 310
- Foetus**  
 foetal brain, oxidation of glucose and butyrate 17  
 methylmalonic aciduria, prenatal diagnosis 44  
 protease inhibitors 763
- Gastrointestinal tract**  
 abdominal pain, recurrent 154  
 anal tonometry, neonates 592  
 blood xylose test, coeliac disease 155  
 carbohydrate intolerance, acute diarrhoea 483  
 chymotryptic activity in stool 619  
 complement activation, gluten challenge 143  
 diarrhoea, treatment with parmesan cheese 155  
 dipeptide transport 151  
 disaccharide tolerance test 693
- electrical polarization, rectal mucosa, cystic fibrosis 81, 770  
 fatty acids, human milk 153  
 fundoplication, chronic diarrhoea 146  
 gastric aspirate 109  
 gastric emptying 525  
 gastroenteritis, sequelae 145  
 gluten susceptibility 144  
 hepatic function, cystic fibrosis 337  
 hepatitis, relapsing 154  
 Hirschsprung's disease, anorectal motility 148  
 Hirschsprung's disease, histopathology 146  
 Hirschsprung's disease, ileocoloplasty 149  
 Hirschsprung's disease, long term result 149  
 Hirschsprung's disease, radiological findings 150  
 Hirschsprung's disease, surgical aspects 147  
 hypovitaminosis K, coeliac disease 145  
 intestinal Ig 153  
 liver cirrhosis, experimental 156  
 lymphoblastic leukaemia, intestinal involvement 369  
 micellar solutions, protective effect of 151  
 microflora 141, 142, 143, 156  
 persistent diarrhoea, intravenous feeding 732  
 protease inhibitors 152  
 T-lymphocytes, bowel disease 153  
 tocopherol, cystic fibrosis, coeliac disease 404  
 ultrastructural abnormalities, acute gastroenteritis 143  
 vitamin E deficiency 150
- Gestational age assessment, Nigeria** 537
- Growth**  
 5-year-old children, low birthweight 33  
 formula concentration, caloric intake 172  
 height and weight, school children, Oslo 565  
 menarcheal age 845  
 protein energy malnutrition 853
- Hypoglycaemia**  
 neonatal, endocrinological aspects 280  
 neonatal, neurological findings 629
- Immunology**  
 antibodies, complement fixing and lymphocytotoxic 531  
 immunoglobulins, breastmilk 709  
 urinary tract infections 96
- Infantile genetic agranulocytosis** 362
- Insulin**  
 absence of resistance, juvenile diabetes 248  
 secretion, small infants 457  
 systemic allergic reaction to 773
- Intravenous fluid therapy** 725
- Krabbe's disease** 641, 649
- Laron's syndrome** 613
- Lipodystrophy, congenital generalized** 273
- Liver**  
 acute failure, salicylate therapy 877  
 hepatic function, cystic fibrosis 337
- Lysozyme**  
 breastmilk 709  
 serum, malignant disorders 830

**Malformations**

- cerebral and generalized myopathy 881
- encephalo-ophthalmic dysplasia 891
- infantile sub-lobar emphysema 551
- pharyngeal pouch syndrome 555
- thymus, maldevelopment of 555

**Mannosidosis 865****Metabolism**

- cystine deficiency
- dipropylacetate, diphenylhydantoin and primidone levels 771
- glucose tolerance, erythroblastosis foetalis 113
- glucose tolerance, insulin secretion 457
- lysosomal diseases 123
- methylmalonic aciduria, prenatal diagnosis 44
- ornithine transcarbamylase deficiency 464
- osteomalacia, epilepsy 219
- oxidation, glucose and D-B-OH-butyrate 17
- polyunsaturated fatty acid lipidosis 489
- porphyria, erythropoietic 287
- tyrosinemia, new form 209
- vitamin D resistant rickets, effect of calcium infusion 703

**Methodology**

- blood pressure, measurement of 741
- brain scanning 2
- cystinosis, diagnosis using leucocytes 132
- electrical polarization, rectal mucosa 81, 770
- gastric aspirate, newborn infants 109
- muscular exertion, pituitary function test 752
- pulmonary gas exchange, method 49

**Nephrology**

- bacteriuria, asymptomatic in school girls 425, 432, 437, 574, 718
- glomerulonephritis after varicella 886
- hypertension, renal disease 299
- nitroblue tetrazolium test 182
- polyfructosan clearance, newborn infants 87
- proximal tubular acidosis, tetralogy of Fallot 671
- renal biopsy, glomerulopathies 345
- renal transplantation 833
- renal vein thrombosis, neonates 373
- salt and fluid homeostasis, renal control of 393
- sodium and fluid balance, parenteral therapy 725
- urinary tract infection, sex variable 581
- urinary tract infections, immune response 96
- urinary tract infections, level diagnosis 201
- urinary tract infections, treatment 105

**Nervous system**

- brain scanning, subdural collections 2
- cerebral palsy, changing panorama 187, 193
- epilepsy, osteomalacia 219
- growing pain—restless legs 264
- infantile progressive encephalopathy 489
- injury of spinal cord, newborns 546
- Krabbe's disease, chemical pathology 641, 649
- meningitis, treatment 25
- neurology, low birthweight infants at follow-up 859
- polyunsaturated fatty acid lipidosis 489
- postirradiation syndrome, lymphoblastic leukaemia 399
- subacute necrotizing encephalopathy 755

**Newborn infants**

- $\alpha$ -foetoprotein and albumin 409
- anal tonometry 592
- blood flow and viscosity 253
- blood pressure 741
- carboxyhemoglobin levels 473
- coagulation changes, high haematocrit 449
- cortisol and corticosterone, cord plasma 587
- gastric aspirate 109
- gastric emptying 525
- glomerular filtration, polyfructosan clearance 87
- glucose tolerance, erythroblastosis foetalis 113
- haemoglobin, foetal 404
- hypoglycaemia 280, 629
- injury of spinal cord 546
- maturity 404, 409
- phototherapy 293
- pneumopericardium 135
- protease inhibitors 763
- proteolysis, abnormal 327
- pulmonary gas exchange 49, 57
- pulmonary haemorrhage 825
- pulmonary mechanics 69
- renal vein thrombosis 373
- respiration, control of 684
- serum bilirubin level 699
- systolic time intervals 839
- thyroid tissues 315
- treatment of seizures 514

**Nutrition**

- formula concentration, caloric intake 172
- formulas, industrially produced 677
- kwashiorkor, treatment 267
- low birth weight infants 745
- nutritional deficiency diseases 161
- overnutrition and obesity, first year of life 635
- parenteral, phosphorus depletion 385
- parenteral, utilization of fat emulsion 377
- protein energy malnutrition 853

**Obesity**

- overnutrition, first year of life 635

**Penicillin, serum levels of 421****Phenobarbital, plasma concentration of 514****Porphyria, congenital erythropoietic 287****Premature and low birth weight infants**

- anal tonometry 592
- chromosome studies 657
- chymotryptic activity in stool 619
- glucose tolerance, insulin secretion 457
- neurology, 5-year-old children 859
- nutrition 745
- physical growth, 5-year-old children 33
- respiratory insufficiency syndrome 813
- socio-economic factors 605

**Psoriatic arthritis, treatment of 664****Respiratory tract**

- betamethasone in asthma 234
- cardiorespiratory syndrome, enlarged tonsils 659
- control of respiration, newborns 684
- infantile sub-lobar emphysema 551

lung expansion, newborn rabbit 7  
 pulmonary gas exchange, influence of temperature 57  
 pulmonary gas exchange, method for determination 49  
 pulmonary haemorrhage 825  
 pulmonary mechanics, respiratory insufficiency 69  
 respiratory insufficiency syndrome 813

Retrolental fibroplasia 891

Reye's syndrome 874

Rosén von Rosenstein award 1

# Social paediatrics

child health and nutrition, Northern Sweden 241  
 Down's syndrome, psycho-social follow-up 505  
 four-year-olds in a new suburb 413  
 gestational age, Nigerian community 537  
 health and behaviour, four-year-old children 225  
 health screening, four-year-olds 795, 801  
 infant formulas, industrially produced 677  
 low birth weight, socio-economic factors 605

menarcheal age, Northumberland 845  
 nutritional deficiency diseases 161  
 school children, Oslo, height and weight of 565

Temperature regulation, exercise 257

# Tumor

lymphosarcoma, mediastinal 873  
 neuroblastoma, disseminated intravascular coagulation 667

# Virology

enterovirus, cerebral malformations and myopathy 881  
 respiratory syncytial virus, hospital cross infection 541  
 varicella, glomerulonephritis 886

# Vitamins

hypovitaminosis K, coeliac disease 145  
 tocopherol, plasma levels 446  
 vitamin E deficiency 150

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting department in ensuring the integrity of the financial data. It emphasizes the need for transparency and accountability in all financial reporting.

2. The second part of the document outlines the various methods used to collect and analyze financial data, including the use of spreadsheets, databases, and specialized accounting software. It also discusses the importance of regular audits and the role of external auditors in verifying the accuracy of the financial statements.

3. The third part of the document focuses on the importance of budgeting and financial planning. It discusses the process of setting financial goals and the role of the accounting department in monitoring progress and making adjustments as needed. It also emphasizes the importance of communicating financial information to management and other stakeholders.

4. The fourth part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting department in ensuring the integrity of the financial data. It emphasizes the need for transparency and accountability in all financial reporting.

5. The fifth part of the document outlines the various methods used to collect and analyze financial data, including the use of spreadsheets, databases, and specialized accounting software. It also discusses the importance of regular audits and the role of external auditors in verifying the accuracy of the financial statements.

6. The sixth part of the document focuses on the importance of budgeting and financial planning. It discusses the process of setting financial goals and the role of the accounting department in monitoring progress and making adjustments as needed. It also emphasizes the importance of communicating financial information to management and other stakeholders.

7. The seventh part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting department in ensuring the integrity of the financial data. It emphasizes the need for transparency and accountability in all financial reporting.

8. The eighth part of the document outlines the various methods used to collect and analyze financial data, including the use of spreadsheets, databases, and specialized accounting software. It also discusses the importance of regular audits and the role of external auditors in verifying the accuracy of the financial statements.

9. The ninth part of the document focuses on the importance of budgeting and financial planning. It discusses the process of setting financial goals and the role of the accounting department in monitoring progress and making adjustments as needed. It also emphasizes the importance of communicating financial information to management and other stakeholders.

10. The tenth part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting department in ensuring the integrity of the financial data. It emphasizes the need for transparency and accountability in all financial reporting.
